

13 June Falls to Wairoa Dam

party, started at the falls and finished at the dam. To extend ourselves (?) we also did the Wairoa loop track. Not only did we have time to admire the Falls and the views but also we had time for a yoga session at the bus while waiting for the slower party to arrive. This caused some amusement to passers-by, but no doubt it did us some good. They do indeed say that laughter is good for you.....

We even had time to bask in the sunshine at lunch time – what more could a tramper want? Another great day out with the club.

(Photos from Campbell – his are in fact better than mine!)

Snippet from Trish

The weather was brilliant, the views spectacular and the company- of course, the best!

Carol was our leader for the day- and she had a full bus to deal with, including several new people. This is a great area in the Hunuas, little or no mud and nice bush.

Our so- called fast party, really the longer- distance
